

Use simple joining techniques to make a woodland puppet

Follow a design criteria to create a space buggy using wheels and axels.

Shape and strengthen simple materials to make stable playground structures.

Use a simple sewing stitch to make a minibeast soft toy.

Use levers and sliders to make a moving ocean picture

Slice and chop food safely using an appropriate method when making a pizza.

Personal, Social and Emotional Development
I can select and use activities and resources, with help when needed that will help to achieve a chosen goal or one which has been suggested.

Physical Development
I can choose the right resources to carry out their own plan. I can use one-handed tools and equipment, for example, making snips in paper with scissors

Understanding the World
I can explore how things work.

Expressive Arts and Design
I can make imaginative and complex 'small worlds' with blocks and construction kits, such as a city with different buildings and a park. • I can explore different materials freely, in order to develop their ideas about how to use them and what to make. • I can develop own ideas and then decide which materials to use to express them. • I can create closed shapes with continuous lines, and begin to use these shapes to represent objects.

Physical Development
Develop small motor skills to use a range of tools competently, safely and confidently.

Expressive Arts and Design
•I can explore, use and refine a variety of artistic effects to express ideas and feelings. • I can return to and build on previous learning, refining ideas and developing their ability to represent them. • I can create collaboratively, sharing ideas, resources and skills.
I can safely use and explore a variety of materials, tools and techniques, experimenting with colour, design, texture, form and function. • I can share their creations, explaining the process they have used.
