

Year 2

Year 1

Locational Knowledge

- Where are the UK's capital cities, the five oceans and the Equator?
- I can locate UK capital cities, Tanzania, the five oceans, the Equator and the Poles on maps and globes.

Place Knowledge

- What is the area around the Transporter Bridge like and how does Arusha compare with Billingham?
- I can describe the human and physical features of a place and compare Arusha with Billingham.

Human and Physical Geography

- Why are some places hot all year and some places cold all year?
- I can describe the weather in hot and cold places and features such as the Tees valley.

Geographical Skills and Fieldwork

- How can we use aerial photos and maps to show places from above?
- I can use compass directions, aerial photos, symbols and a key to map our school grounds.

Locational Knowledge

Place Knowledge

Human and Physical Geography

Geographical Skills and Fieldwork

Locational Knowledge

- Where are the UK, its four countries and the seven continents?
- I can locate the UK, its countries, seas and continents on a map.

Place Knowledge

- What is Billingham like and how are the UK countries different?
- I can describe Billingham Town Centre and features of each UK country.

Human and Physical Geography

- What are human and physical features and how does the weather change?
- I can sort Billingham's features into human and physical and record the daily weather.

Geographical Skills and Fieldwork

- How can we map and record features of our school grounds?
- I can draw a simple map, use the four compass points and collect data in a tally chart.

Reception

Locational Knowledge

- I can notice and talk about places around the world using globes and maps.

Place Knowledge

- I can describe how one environment is different from another.

Human and Physical Geography

- I can name some natural and man-made features and talk about weather changes through the year.

Geographical Skills and Fieldwork

- I can take photos, draw simple maps and collect basic information.

Nursery

Locational Knowledge

- I can talk about places I have been or seen in photographs.

Place Knowledge

- I can notice and name different features around me.

Human and Physical Geography

- I can notice how the environment changes in different seasons.

Geographical Skills and Fieldwork

- I can take part in simple fieldwork such as taking photos.

Year 6

Locational Knowledge

- How do latitude and longitude help us find places such as Mexico and the polar regions?
- I can give coordinates for places and locate the Yucatán Peninsula, the polar regions and Barcelona.

Place Knowledge

- How do the Yucatán Peninsula and Barcelona compare with the North East?
- I can explain and evaluate similarities and differences between these places and the North East.

Human and Physical Geography

- How do people use natural resources and how does this affect the planet?
- I can explain how human activity threatens wildlife and judge how sustainably natural resources are used.

Geographical Skills and Fieldwork

- How can we plan and carry out our own enquiry in Billingham?
- I can plan an enquiry, record annotated field sketches, analyse data and judge which sources are most accurate.

Year 5

Geography at Bewley Primary School (KS2)

Locational Knowledge

- Where are Egypt, the Amazon and the world's major mountain ranges?
- I can locate rainforests and mountain ranges and work out the time in different time zones.

Place Knowledge

- How have the River Nile and the Stockton and Darlington Railway changed where people live?
- I can explain how the Nile affects life in Egypt and how the railway changed our local area.

Human and Physical Geography

- How do mountains form and how does the water cycle work?
- I can explain the water cycle and how mountains form and compare tropical and temperate rainforests.

Geographical Skills and Fieldwork

- How can we use OS maps and fieldwork to study the old railway route?
- I can use six-figure grid references, contour lines and historical maps to plan and carry out an enquiry.

Year 4

Locational Knowledge

- Where are the countries of the Americas and the lines of latitude?
- I can use atlases to locate places in the Americas and find climate zones using the Equator and the Tropics.

Place Knowledge

- How does the USA compare with the UK and why did invaders come to Britain?
- I can describe similarities and differences between the USA and the UK and use place names to find where invaders settled.

Human and Physical Geography

- Why do climates differ and how can we protect the oceans?
- I can match climate zones to biomes and suggest ways to protect the oceans.

Geographical Skills and Fieldwork

- How can we use OS maps to show how land use in Billingham has changed?
- I can use the eight compass points, four-figure grid references and old and new OS maps to survey land use.

Year 3

Locational Knowledge

- How is the UK divided and where are Europe's countries and the Ring of Fire?
- I can use maps and atlases to locate UK counties and European countries.

Place Knowledge

- What is the North East like and how do people use the River Tees?
- I can describe the North East and compare the River Tees with a world river.

Human and Physical Geography

- Why do earthquakes and volcanoes happen and how is land used?
- I can describe a volcanic eruption and identify land use in Billingham.

Geographical Skills and Fieldwork

- How can we use OS maps and fieldwork to study the River Tees?
- I can use four-figure grid references and measure the width and depth of a river.
